

## Cast Bronze

# Water Pipe Grounding

- For bonding ground wires to water pipes. All Ground Clamps cast of high copper content bronze alloy which gives maximum strength without sacrificing current carrying capacity.

**All clamps come with solid brass bolts as standard, and are approved for direct burial.**

- For bonding bare copper wire to galvanized or copper water pipe or for use as water meter shunt. Will not loosen or corrode.

Catalog Number	Water Pipe Size
GC	1/2" - 1"
GC-2	1 1/4" - 2"
GC-3	2 1/2" - 4"
GC-4	5" - 6"
